Things to keep in mind:

- We will meet you at a pre-arranged location, an appropriate distance from your wedding ceremony, ready for you to board.
- We suggest no more than 2kms travel on the way to the wedding and the reception, a short scenic route is best – one reason being the horses will start to get sweaty beyond this and we like them looking their best for the cameras, the other is that each km traveled takes approximately 10 minutes
- Please advise your guests that throwing confetti on the carriage is not appreciated
- We stand by through the ceremony or move off if it is more appropriate.
- After the ceremony we can transport you to your reception or photo shoot, or part of the way if it is a longer distance
- Our base fee is for 1½ hours, which usually allows time for photographs following your ceremony or, by arrangement, we can stay on as long as you need us.
